Civil Action No. _____

DECLARATION OF MAUREEN ST. CYR

I, Maureen St. Cyr, declare the following under penalties of perjury:

1. I am over 18 years of age and competent to give this declaration. This declaration is based on my personal knowledge, information, and belief.
2. I am the Executive Director of Massachusetts Fair Housing Center (“MFHC”), a non-profit organization located in Holyoke, MA.

3. MFHC is the oldest fair housing center in Massachusetts. For over 35 years, MFHC has worked to eliminate housing discrimination, which contributes to homelessness and limits housing options for the 1.6 million residents of western and central Massachusetts. MFHC—then called the Housing Discrimination Project—was founded by legal services attorneys and shelter advocates in response to the creation, by the U.S. Department of Housing and Urban Development (HUD), of the Fair Housing Initiatives Program (FHIP) and received an award of funding in the first round of FHIP awards in late 1989.
4. In furtherance of its mission to eliminate housing discrimination, MFHC engages in certain core activities designed to prevent housing discrimination in its community.
5. MFHC provides critical legal assistance to community members who are experiencing housing discrimination. We deliver counseling and legal assistance to individuals by conducting interviews, investigating their cases, educating them on the fair housing laws and their rights under those laws, discussing options, and, if there is evidence that their rights have been violated, helping them resolve disputes or file complaints. MFHC receives around 250 housing discrimination complaints per year, and we currently have over 50 clients that we are actively assisting in this capacity.
6. MFHC has also developed specialized programs in response to the shifting needs of the communities we serve, such as a foreclosure assistance program during the Great Recession and, more recently, a housing search assistance program.
7. Our clients come from Berkshire, Hampden, Hampshire, Franklin, and Worcester Counties. Many are from communities that are oftentimes overlooked and underserved: families with children, disabled tenants, survivors of domestic violence, and the housing insecure, to name a few.

8. MFHC is a critical tool in the fight against Massachusetts' current affordable housing crisis. Discrimination all too often pushes families into homelessness or blocks them from accessing permanent housing. Our work fighting discrimination against families because they have young children or a voucher alleviates pressure on the state shelter system and provides long-term solutions for vulnerable populations.
9. We have a unique focus on lead paint advocacy, and we have dedicated significant testing, advocacy, and litigation resources to addressing the lack of lead abated housing in Massachusetts. We focus on this issue because a substantial percentage of the housing stock in Massachusetts predates the ban on lead paint, and less than 10% of that housing has been inspected and certified free from lead hazards. Additionally, the structure of the Massachusetts Lead Law only requires landlords to abate lead hazards when a family with children under 6 will reside in the rental property. This has led to a dual housing market with significantly fewer housing opportunities for families with young children. In 2024, our efforts resulted in agreements to delead 13 housing units.
10. MFHC also prioritizes combating disability discrimination and fighting on behalf of survivors of domestic violence. MFHC helps disabled tenants access housing, avoid eviction, and obtain needed changes to their homes, like ramps, to allow them to live independently in their communities. MFHC supports survivors of domestic violence, preventing the homelessness and housing instability that is often caused by domestic violence. By stabilizing housing for survivors, we help families rebuild their lives with dignity and safety.
11. MFHC also offers housing counseling assistance through its housing search assistance program, known as the SUN (Support. Unlock. Navigate) Program. Through this

program, MFHC provides free counseling and assistance to individuals and families who have a housing voucher (like Section 8) and are looking to move but need support with their housing search. There is no other program providing this resource in our region for non-disabled tenants, and there is very limited assistance available to disabled tenants. We assisted close to 30 families with their housing searches in 2024.

12. MFHC also educates the community about housing discrimination. Housing discrimination can take many forms, and many people in the community—including, for example, social services agencies, landlords, real estate agents, tenant groups, and other people in the housing industry—have questions about what they can or cannot do under the fair housing laws. To fulfill its mission of eliminating housing discrimination, we conduct outreach all over our service area and educate community members on the fair housing laws. In 2024, we held more than 30 trainings and meetings for community members and partner organizations and co-hosted the Fair Housing and Civil Rights Conference, the premier fair housing conference in our region, in April.
13. Finally, MFHC conducts systemic testing to uncover more invidious discrimination. We design and conduct testing investigations to determine whether there is in fact a problem, and, if we see evidence of discrimination, we develop the case and help vindicate the rights of those harmed. This past year, we have been conducting testing related to lead paint, disability, and eviction screening policies.
14. Through all of these core activities, MFHC strives to ensure disabled people enjoy equal access to housing, create lead-safe housing opportunities, protect survivors of domestic violence and hate crimes, provide greater housing opportunities for recipients of rental

assistance or housing subsidies, and help victims of housing discrimination preserve their tenancies and prevent homelessness or access the housing of their choice.

15. MFHC is a trusted leader in housing justice advocacy with a proven track record of managing grants effectively and delivering measurable outcomes. MFHC's performance and sound financial management have been rated "very good" or "excellent" by the United States Department of Housing and Urban Development (HUD) on all grants closed since 2001.

16. In 2002, MFHC received a national Fair Housing Best Practices award for our predatory lending research project. Our history also includes victories in high profile cases like *Cameron, et al. v. City of Agawam* (2004), when we partnered with the U.S. Department of Justice (DOJ) to protect the housing rights of Jamaican farmworkers, and *U.S., et al. v. Choice Properties, Inc.* (1997), where MFHC's testing evidence showed that a realtor used a race-based coding system to deny tenancies to African Americans, Latinos, and families with children.

FHIP Grants and MFHC's Funding

17. MFHC currently employs 9 full-time staff. Our annual budget is less than \$900,000. We receive funding from the state, private foundations, and, of course, HUD.

18. In 2023, MFHC received a Private Enforcement Initiative ("PEI") Grant from HUD. The grant (FPEI220111) provided MFHC with \$425,000 per year for 3 years (totaling \$1,275,000), payable in 12 installments to execute a full-range, broad-based fair housing enforcement program.

19. This is the only HUD Grant we receive directly. Nearly half (47%) of our annual budget is supported by this grant alone.

20. Attached as Exhibit A to this Declaration is the Signed Contract (HUD 1044 Form) as well as Attachments A (Schedule of Articles) and Attachment B (Addendum to the Schedule of Articles) for the PEI grant.
21. HUD's PEI Grants support fair housing work without limitation to its subject matter: they support enforcement, education, and outreach activities to prevent or eliminate any discriminatory housing practices not allowed under the Fair Housing Act (FHA).
22. We have been a recipient of the PEI grant since 2023. Under our grant, we were tasked with assisting community members in identifying fair housing matters; conducting intakes; providing advice and representation; assisting in complaint filing and dispute resolution; building and maintaining a robust testing program and conducting complaint-based, audit, and systemic testing investigations; and providing broad outreach and education services to individuals in protected classes as well as to housing providers and professionals.
23. Under the grant, we assisted a client who was a survivor of domestic violence. After her abuser was arrested, our client received an eviction notice from her subsidized housing provider. She and her two children were facing the loss of their home of two years. We quickly advocated to her housing provider that our client was protected under both fair housing law and the Violence Against Women Act and were able to prevent an eviction case from even being filed against our client. Because landlords in Massachusetts use the court's online docket system for tenant screening, even a filing would have harmed our client's future housing options. We also obtained a lock change for our client to ensure her safety. Our advocacy stabilized her affordable housing for her and her family.

24. Under the grant, we also represented a client who was seeking to move with her voucher from an apartment that did not meet her child's disability-related needs. She found an apartment, applied, and the landlord's real estate agent recommended that the landlord accept her as a tenant. The landlord nevertheless denied her, responding to the agent that he didn't want to rent to Section 8 participants or to single mothers. The real estate agent pushed back that denying the client for those reasons would be discriminatory, and the landlord cancelled his contract with the real estate agent. Because of our intervention and advocacy, the landlord agreed to accept voucher holders in the future, attend fair housing training, and affirmatively market to voucher holders for future renters. During the pendency of the case, our client was also able to lease up with her voucher at new, safe housing.
25. To date, MFHC has received 6 payments pursuant to the PEI grant. We have never received any communication from HUD that our performance or compliance with the terms and conditions of the grant was anything less than satisfactory. In fact, HUD has graded our performance to date on the PEI grant as "Excellent."
26. MFHC is also an indirect recipient of HUD funds. In 2024, MFHC contracted with another Massachusetts organization to engage in outreach, education, and training in both urban and rural areas of Hampden, Hampshire, Berkshire, and Franklin Counties regarding housing discrimination to organizations and individuals, including training to healthcare providers and education for first-time homebuyers. That organization had received an Education and Outreach ("EOI") grant from HUD. The subcontract was set to MFHC with an additional \$41,000 in funds.

27. In reliance on the grants, MFHC hired three staff members in the past year. We hired an attorney who started at MFHC in July 2024 and another attorney who started in mid-November 2024. Both support our core legal programming including advising clients on their options, representing clients in court and before administrative agencies, as well as assisting clients with resolving legal issues outside of litigation. We also hired an outreach coordinator who started at MFHC in February 2025, who we had slated to start work on our core education and outreach activity.

28. Some portion of the PEI grant has been paid out. However, the remaining balance of the award for the year is about \$212,500, or 50% of the award. We were also anticipating an additional \$425,000 for Year 3 of the grant.

The February 27 Termination Notice

29. On February 27, 2025, MFHC received a Termination Notice from HUD informing it of HUD's intent to terminate its PEI grant effective immediately.

30. The Termination Notice gave the following basis for termination: that it "no longer effectuates the program goals or agency priorities." The Termination Notice is attached as Exhibit B to this Declaration.

31. The Termination Notice was issued "at the direction of the President of the United States, United States pursuant to the Executive Order 14158, 'Establishing and Implementing the President's "Department of Government Efficiency"', and at the direction of said Department of Government Efficiency (DOGE)."

32. The Termination Notice terminates the remaining balance of the award—for us, about \$212,500 for the year—and instructs that "all obligations and activities under [grant] will cease" effective that day, February 27, 2025.

33. We also received notice that on that same day, HUD terminated the EOI grant for which we were a subcontractor. As a result, our subcontract was also terminated. The remaining balance on that subcontract was approximately \$19,000.

Harm to MFHC's Work

34. The Termination Notice has had immediate impact on MFHC's ability to serve its community.

35. As a result, we immediately reduced our programming: we closed for new intakes for legal assistance, closed for intakes for housing search assistance, and stopped most testing efforts.

36. We gave notice to our landlord that we will be cancelling our lease for our Holyoke office. Our offices have been located at 57 Suffolk Street in Holyoke for over thirty years, since shortly after we were first founded. We will transition to full-remote work, which means we will lose the stable space at which we meet our clients and to convene as a staff. There is no other civil legal services provider with office space physically located in Holyoke, Massachusetts.

37. We immediately closed intakes for our SUN (housing search assistance) program. Absent these funds, we will almost certainly have to stop providing this service, which is unique in our region.

38. Our testing initiatives had been substantially supported by our HUD grant. As a result of the termination, we immediately stopped our lead paint testing and our disability testing initiatives, which we are unable to continue without funding.

39. In addition, when we received the termination notice, we were in the middle of a systemic testing project investigating the potential racial impact of eviction screening

policies in our region. We have stopped that testing project after completing 2 of 10 three-part tests. We have halted this investigation, and all of the resources we had previously invested would be wasted.

40. We currently have some limited reserves (approximately \$280,000), but if our grants are not reinstated, our mission and programming will face dire consequences in 30 days.

41. Even after cutting all expenses that are not absolutely necessary, we will have around a \$186,000 deficit. This will necessitate laying off about half of our staff. We also will not be filling a vacant position for a long-time staff attorney who is leaving in a week.

42. As a result of this staff reduction, we will likely combine the position of intake and outreach. This will mean a reduction in our ability to provide direct assistance for clients seeking our services—we currently serve over 50 clients in direct advocacy and accept about 5 new such cases per week—as well as less availability to the community in terms of community education.

43. For example, on March 7, 2025, we were contacted by a long-time community partner about a survivor of domestic violence facing disability discrimination in her shelter program. The survivor was evicted from her subsidized housing due to domestic violence and is now at risk of displacement from shelter. Our community partner wanted to refer this client to us for assistance both with maintaining her shelter placement and with advocating to housing court to impound information that is publicly available in her (now closed) housing court case that endangers her safety. I had to tell her we could not provide assistance to this survivor.

44. One of our other clients was denied an apartment explicitly because she is in recovery. She was far along in the application process when the landlord/real estate agent asked

about her employment at a supportive services agency that works with people in recovery. She disclosed her own recovery status, and the landlord denied her application because he believes she will inevitably relapse despite being sober for years. We will be unable to take her case on for full representation without funding.

45. April, May, and June are particularly critical months for MFHC to do its education and outreach. April in particular is Fair Housing Month.

46. We cannot continue to fund our staff time in support of the May 20 to 22, 2025, Annual Fair Housing and Civil Rights Conference. This regional conference was founded by MFHC in response to the predatory lending crisis and is in its 19th year. The conference is held in Springfield, Massachusetts and draws a large audience from the New England region, including legal services providers, social services organizations, community members, and government agencies. In 2024, over 200 people attended. MFHC staff time has been key to supporting conference planning and execution. Funding for our support for this event came from our PEI grant and our EOI subcontract. The co-sponsor of the conference appears to be moving forward with it.

47. We also will not be able to fund two events we anticipated holding in spring/summer months using other funds because we need to reallocate those to core programming such as client representation and less costly community outreach or trainings. This means, absent this funding, we cannot move forward with our three most prominent community events.

48. Finally, if the PEI grant is not reinstated, we will need to cut our testing work completely.

49. If the grants are not reinstated in 90 to 120 days, MFHC may be forced to close our doors completely within eight months. A very scaled-down core staff would remain on board to

continue to provide legal assistance to existing clients while we work to obtain successor counsel or apply to obtain funding through private grants to continue the work in a smaller fashion.

50. The cancellation of HUD's grants has caused substantial chaos and confusion at MFHC.

This mass stoppage and slowdown of work has perceptibly impaired MFHC's core activities, including its direct advocacy, its housing counseling, its education and outreach, and its testing initiatives. Because these core programs and activities further MFHC's mission, the termination of FHIP grant funds undermines MFHC's mission, which includes furthering the purposes of the Fair Housing Act. As an organization that was initially founded to support the important work of the FHIP program and has continued to do so for over 35 years, the abrupt loss of funding to do so, and the explicit statement that our work somehow does not further the purposes of the Fair Housing Act, is devastating.

51. The injuries suffered by MFHC are ongoing and will persist without relief from this Court.

I declare under penalty of perjury that the foregoing is true and correct.

Dated: March 13, 2025

identified in the negotiated budget on a quarterly basis. The grantee shall account for both the federal costs and the in-kind contribution costs on Standard Form (SF) 425 ([SF-425](#)).

. In addition, the grantee shall provide an attachment to Item 12, SF-425, to show a detailed breakdown of cost(s) claimed for the payment period as well as a narrative explanation (see 2 CFR, Part §200.302 (Financial Management); and §200.328 (Financial Reporting)). Failure by the grantee to ensure the full in-kind contribution identified as utilized for this project, may result in the grantee receiving less than favorable assessment in the evaluation of its performance, at close out, or on future FHIP competitions.

c. Payment will be made after acceptance of the completed projects or tasks by the Government Technical Representative (GTR) in consultation with the Government Technical Monitor (GTM). Provided that the grantee is in compliance with all other terms of the grant, the grantee shall be paid in accordance with the final, negotiated grant agreement (see 2 CFR §200.305, [2 CFR 200.305](#)).

d. Payments are made through HUD's Line of Credit Control System (eLOCCS). ELOCCS uses a computer software program which ensures that requested payments do not exceed the amount authorized to the grantee. All payments are certified by HUD and forwarded to Treasury for processing. Each day eLOCCS generates a payment tape for the Department of the Treasury which disburses the payments via the Automated Clearing House (ACH) Payment System via a Treasury Voucher Schedule.

e. The grantee shall submit the request for payment directly into the automated payment system (eLOCCS). The payment request shall be supported by a detailed breakdown of the cost(s) claimed as previously submitted on a quarterly basis on the SF-425. The payment process is activated via computer. To have access to eLOCCS the grantee must obtain a Security ID and Password from HUD's LOCCS Security Officer. In order to assure proper payment, it is important that the payment amount requested online is in accordance with the payment amount authorized for approval by the GTR.

f. Before receiving funds from eLOCCS, the grantee must designate a financial institution in order for HUD to make direct deposit payments through the ACH system. The grantee's authorized officials must complete SF-1199A, Direct Deposit Sign-up, and submit it to the Department of Housing and Urban Development, P. O. Box 44816, Washington, DC 20026-4816. In the event the grantee, during the performance of this grant, elects to designate a different bank account or financial institution for the receipt of payments a new SF-1199A must be completed and submitted as previously indicated. The grantee is responsible for ensuring that the GTR is apprised of any change(s).

g. Detailed instructions for using the eLOCCS system accompany the transmittal of the forms, or if needed, may be requested from the GTR.

8. LIMITATION ON CONSULTANT PAYMENTS

As required by HUD's Appropriations Act, salary payments to consultants under this instrument **shall not exceed the equivalent of the maximum daily rate paid to GS 15 Step 10 daily rate (locality pay will not be included - [GS-15 base pay rates](#))**. This limitation refers to consultants hired through the grantee's personnel system, but not to consultants who perform as independent contractors (see Attachment B, **Addendum** to the Schedule of Articles). For rates exceeding the above-referenced daily maximum, or to waive the use of a consultant prior approval be requested and secured from the Grant Officer.

9. KEY PERSONNEL

The personnel specified in Form HUD-1044, the Statement of Work, and Attachments are considered to be essential to the work being performed hereunder.

Prior to replacing or diverting any of the specified individuals to other work, the grantee shall notify the GTR reasonably in advance and shall submit written justification (including proposed hires or substitutions) in sufficient detail to permit evaluation of the impact on the work effort. No replacement or diversion shall be made by the grantee without the written consent of the Grant Officer.

The grantee is required to allow HUD access to personnel and pertinent personnel records or information for any staff that receive salary or other payments under the FHIP grant. The grantee is required to inform HUD if any of its key personnel are or has been convicted of a felony or other crime involving fraud or perjury. The grantee is required to maintain personnel records for a period of no less than three years. (2 CFR §200.201(b)(5) - [2 CFR 200.201\(b\)\(5\)](#)). See also 2 CFR §200.334 – [2 CFR 200.334](#).

10. CODE OF CONDUCT

Entities subject to 2 CFR Part 200 (most nonprofit organizations and State, local and tribal governments or government agencies or instrumentalities who receive Federal awards of financial assistance) are required to develop and maintain a written code of conduct (see [§2 CFR 200.112](#) on Conflict of Interest, [§2 CFR 200.318](#) on General Procurement Standards, - and [§2 CFR 200.113](#) on Mandatory Disclosures. Consistent with regulations governing specific programs, your code of conduct must: prohibit real and apparent conflicts of interest that may

arise among officers, employees, or agents; prohibit the solicitation and acceptance of gifts or gratuities by your officers, employees, and agents for their personal benefit in excess of minimal value; and outline administrative and disciplinary actions available to remedy violations of such standards. **All grantees must submit a copy of their code of conduct to HUD.** See more information on HUD's Grants Management and Oversight Division (GMO) page at [Code of Conduct for HUD Grant Programs | HUD.gov / U.S. Department of Housing and Urban Development \(HUD\)](#).

11. PUBLICATIONS AND NEWS RELEASES

a. Definition. For the purpose of this clause, "publication" includes:

- (1) Any document, audio, or video materials containing information for public consumption; or
- (2) The act of, or any act which may result in, disclosing information to the public.

b. The results of this program are planned to be made available to the public through dedication, assignment by HUD, or such other means as the Secretary shall determine.

c. Government Ownership of Official Products of Work. All interim and final reports and information, data analyses, special methodology, findings, and their related documents and work products, including reports, work sheets, survey instruments, computer tapes, audio or video materials, and any other physical materials and products produced directly under the Statement of Work of this grant are considered Official Products of Work, owned by the Government and held for the benefit of the public.

d. Publication of Official Products of Work. Official Products of Work, quotations there from, para-phrasing, or disclosures of interim findings may not be published without the approval of the GTR for a period of sixty (60) days after acceptance of the product by the GTR. Thereafter, the grantee shall be free to publish without HUD approval.

e. Acknowledgment and Disclaimer. All Official Products of Work, or any part thereof, and any Independent Products and Special Products arising out of this instrument, when published by the grantee or other participants in the work, shall contain the following acknowledgment and disclaimer:

"The work that provided the basis for this publication was supported by funding under a grant with the U.S. Department of Housing and Urban Development. The substance and findings of the work are dedicated to the public. The author and publisher are solely responsible for the accuracy of the statements and interpretations contained in this publication. Such interpretations do not necessarily reflect the views of the Federal

Government."

f. Notice of News Release and Public Announcements. Two copies of all press releases, formal announcements, and other planned, written issuances containing news or information concerning this grant that may be made by the grantee or its staff, or any subcontractor or other person or organization participating in the work of this grant shall be provided to the GTR at the earliest possible time in advance of any public announcement. News releases and other public announcements may not disclose any interim finding or quote or paraphrase any part of any Official Product of Work without complying with paragraph e. above.

g. Copyrights. Provisions found at 2 CFR 200.1, §200.315, and §200.448, shall apply to all FHIP recipients. Specifically, the Federal awarding agency reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes: (i) the copyright in any work developed under a grant, subgrant, or contract under a grant or sub-grant; and (ii) any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support. Notwithstanding this paragraph, HUD reserves the right to reproduce, publish or otherwise use such work for Federal purposes.

h. Publication and Printing Costs

See [§2 CFR 200.461](#) for the following provisions concerning publication and printing costs:

- (a) Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular cost objective, they should be allocated as indirect costs to all benefiting activities of the non-Federal entity.
- (b) Page charges for professional journal publications are allowable where:
 - (1) The publications report work supported by the Federal Government; and
 - (2) The charges are levied impartially on all items published by the journal, whether or not under a Federal award.
 - (3) The non-Federal entity may charge the Federal award during closeout for the costs of publication or sharing of research results if the costs are not incurred during the period of performance of the Federal award. If charged to the award, these costs must be charged to the final budget period of the award, unless otherwise specified by the Federal awarding agency.

12. REPRODUCTION OF REPORTS

In accordance with Government Printing and Binding Regulations, reproduction of reports, data or other written materials intended for submission to HUD for Government use, if required herein, is authorized provided that the materials produced do not exceed 5,000 production units of any page and the items consisting of multiple pages do not exceed 25,000

production units in the aggregate.

The above limitations do not apply to the reproduction of materials intended for distribution by the grantee to non-Federal Government sources in accordance with the terms of this grant.

13. EQUIPMENT AND PROPERTY

[§2 CFR 200.1 Definitions](#) contains the following:

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000.

See also the definitions of *capital assets*, *computing devices*, *general purpose equipment*, *information technology systems*, *special purpose equipment*, and *supplies* in this section.

Personal property means property other than real property. It may be tangible, having physical existence, or intangible.

Real Property means land, including land improvements, structures and appurtenances thereto, but excludes moveable machinery and equipment.

Equipment. Any equipment acquired for the performance of this grant is identified in the final negotiated budget for this grant. See §2 CFR 200.313 (*Equipment*) within ([2 CFR 200 Subpart D](#)) for property standards that govern equipment, including physical inventories and safeguards, allowable uses, disposition and whether title vests with the non-federal entity or the Government. See also ([§2 CFR 200.439](#)) on *Equipment and Capital Expenditures*.

Property in excess of \$5,000 must be accounted for by the grantee. However, all property must be accounted for by the grantee at closeout of the grant. Equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further responsibility to the Federal awarding agency.

Grantees must also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, provided that such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use must be given to other programs or projects supported by HUD, which financed the equipment and second preference must be given to programs or projects under Federal awards from other Federal awarding agencies. Use for non-federally-funded programs or

projects is also permissible. User fees should be considered if appropriate.

When no longer needed for the original program or project, equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority:

When the period of performance for the grant has ended, , the Grant Officer will provide the grantee with instructions concerning the disposition of the inventory of equipment, for all equipment, for which the title is vested in the government, if appropriate.

Equipment and other capital expenditures are not allowable as indirect costs.

14. COLLECTION OF DATA

Collection of data from ten or more respondents and sponsored by HUD shall be subject to the Paperwork Reduction Act (44 U.S.C. 3501 – 3520 and [2 CFR 200.207](#)). If a survey instrument is proposed, it will be subject to review and approval by the Office of Management and Budget (OMB). Such review and approval must be obtained prior to the use of the survey instrument. Also, a time element is involved here, which may considerably lengthen the time required for completion of the project proposed. Information collections submitted to OMB under the Paperwork Reduction Act include 60-day and 30-day public comment periods in addition to internal HUD and external OMB reviews. It can take six months or longer to obtain approval for information collection instruments. The collection of data is deemed to be sponsored by HUD only under the conditions indicated below. Collection of data under circumstances other than the four conditions given below is not a sponsored collection and is not subject to the Paperwork Reduction Act:

- a. The grantee represents to respondents that the information is being collected for or in association with HUD (however, this condition is not intended to preclude mention of Federal support in response to an inquiry, or an acknowledgment of Federal assistance in any publication or report on the data); or
- b. The grantee uses the data collection activities to collect information that HUD has requested for the planning, operation, or evaluation of its program; or
- c. The terms and conditions of this grant provide for approval by HUD of the survey design questionnaire content, or data collection procedure; or
- e. The terms and conditions of this grant provide for either submission to HUD of the data for individual respondents or the preparation and submission of tabulations requested by HUD.

15. PATENT RIGHTS (SMALL BUSINESS FIRMS AND NONPROFIT ORGANIZATIONS)

BACKGROUND

37 Part 401 RIGHTS TO INVENTIONS MADE BY NONPROFIT ORGANIZATIONS AND SMALL BUSINESS FIRMS UNDER GOVERNMENT GRANTS, CONTRACTS, AND COOPERATIVE AGREEMENTS states:

“This regulation supersedes OMB Circular A-124 and shall take precedence over any regulations dealing with ownership of inventions made by small businesses and nonprofit organizations which are inconsistent with it. This regulation will be followed by all agencies pending amendment of agency regulations to conform to this part and amended Chapter 18 of Title 35.”

See link at [37 CFR 401](#) for full text of this regulation.

a. Definitions.

(1) "Invention" means any invention or discovery, which is or may be patentable or otherwise protectable under Title 35 of the United States code.

(2) "Subject invention" means any invention of the grantee conceived or first actually reduced to practice during the period of grant performance.

(3) "Practical Application" means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) "Made" when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) "Small Business Firm" means a small business concern as defined at Section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) "Nonprofit Organization" means a university or other institution of higher education or an organization of the type described in Section 501 (c) (3) of the Internal Revenue Code (25 U.S.C. 501(a)) and exempt from taxation under section 501(a) of the Internal Revenue Code of

1954 (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

b. Allocation of Principal Rights. The grantee may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the grantee retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

c. Invention Disclosure, Election of Title and Filing of Patent Application by Grantee.

(1) The grantee will disclose each subject invention to the Federal Agency within two months after the inventor discloses it in writing to grantee personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the grant under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publications at the time of disclosure. In addition, after disclosure to the agency, the grantee will promptly notify the agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the grantee.

(2) The grantee will elect in writing whether or not to retain title to any such invention by notifying the Federal agency within two years of disclosure to the Federal agency. However, in any case where publication, on sale or public use has initiated the one- year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The grantee will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The grantee will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may, at the discretion of the agency, be granted.

d. Conditions When the Government May Obtain Title. The grantee will convey to the Federal agency, upon written request, title to any subject invention--

(1) If the grantee fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the agency may only request title within 60 days after learning of the failure of the grantee to disclose or elect within the specified times.

(2) In those countries in which the grantee fails to file patent applications within the times specified in (c) above; provided, however, that if the grantee has filed a patent application in a country after the times specified in (c), above, but prior to its receipt of the written request of the Federal agency, the grantee shall continue to retain title in that country.

(3) In any country in which the grantee decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

e. Minimum Rights to Grantee and Protection of the Grantee's Right to File.

(1) The grantee will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the grantee fails to disclose the invention within the times specified in (c), above. The grantee's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the grantee is a party and includes the right to grant sublicenses of the same scope to the extent the grantee was legally obligated to do so at the time the grant was awarded. The license is transferable only with the approval of the Federal agency except when transferred to the successor of that party of the grantee's business to which the invention pertains.

(2) The grantee's domestic license may be revoked or modified by the funding Federal agency to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR Part 404 and agency licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the grantee has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the funding Federal agency to the extent the grantee, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the funding Federal agency will

furnish the grantee a written notice of its intention to revoke or modify the license, and the grantee will be allowed thirty days (or such other time as may be authorized by the funding Federal agency for good cause shown by the grantee) after the notice to show cause why the license should not be revoked or modified. The grantee has the right to appeal, in accordance with applicable regulations in 37 CFR Part 404 and agency regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

f. Grantee Action to Protect the Government's Interest.

(1) The grantee agrees to execute or to have executed and promptly deliver to the Federal agency all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the grantee elects to retain title, and (ii) convey title to the Federal agency when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The grantee agrees to require, by written agreement, its employees, other than clerical and non-technical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the grantee each subject invention made under agreement in order that the grantee can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by (c)(1), above. The grantee shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The grantee will notify the Federal agency of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The grantee agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under the Grant No. identified in Block 3 of the HUD 1044 awarded by the Department of Housing and Urban Development. The government has certain rights in the invention."

g. Subcontracts.

Grant #: FPEI220111

Initiative/Component: Fair Housing Initiatives Program – Private Enforcement Initiative

(1) The grantee will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a small business firm or domestic nonprofit organization. The subcontractor will retain all rights provided for the grantee in this clause, and the grantee will not, as part of the consideration for awarding the subcontract, obtain rights in the subgrantee's subject inventions.

(2) The grantee will include in all other subcontracts, regardless of tier, for experimental developmental or research work the patent rights clause required by FAR 52.227-11.

h. Reporting on Utilization of Subject Inventions. The grantee agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the grantee or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the recipient, and such other data and information as the agency may reasonably specify. The grantee also agrees to provide additional reports as may be requested by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph j. of this clause. As required by 35 U.S.C. 202(c)(5), the agency agrees it will not disclose such information to persons outside the government without permission of the grantee.

i. Preference for United States Industry. Notwithstanding any other provision of this clause, the grantee agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the Federal agency upon a showing by the grantee or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

j. March-in Rights. The grantee agrees that with respect to any subject invention in which it has acquired title, the Federal agency has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the grantee, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the grantee, assignee, or exclusive licensee refuses such a request the Federal agency has the right to grant such a license itself if the Federal agency determines that:

(1) Such action is necessary because the grantee or assignee has not taken or is not

Awardee: Massachusetts Fair Housing Center

ATTACHMENT A

Grant #: FPEI220111

Initiative/Component: Fair Housing Initiatives Program – Private Enforcement Initiative

expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the grantee, assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the grantee, assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

k. Special Provisions for Grants with Nonprofit Organizations. If the grantee is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the grantee;

(2) The grantee will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the grantee with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the grantee determines that the small business firm has a plan or application for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or application from applicants that are not small business firms; provided, that the grantee is also satisfied that the small business firm has the capability and resources to carry out its plan or application. The decision whether to give a preference in any specific case will be at the discretion of the grantee. However, the grantee agrees that the Secretary may review the grantee's licensing program and decisions regarding small business applicants, and the grantee will negotiate changes to its licensing policies, procedures,

or practices with the Secretary when the Secretary's review discloses that the grantee could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

16. DISPUTES

During performance of the grant, disagreements may arise between the grantee and the Government Technical Representative (GTR) or Government Technical Monitor (GTM) on various issues. If a dispute concerning a question of fact arises, the GTR shall take the matter to the Grant Officer, who shall prepare a final decision, taking into account all facts and documentation presented. The decision shall be mailed to the grantee. The decision of the Grant Officer is final.

17. DRUG-FREE WORKPLACE (RECIPIENTS OTHER THAN INDIVIDUALS)

a. By signing this grant agreement, the grantee is providing the certification set out below under 17g.

b. The certification set out below is a material representation of fact upon which reliance was placed when HUD determined to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

c. Workplaces need not be identified on the certification. If known, they may be identified in the grant application. If the grantee did not identify the workplaces at the time of application, or upon award, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

d. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

e. If the workplace identified to HUD changes during the performance of the grant, the grantee shall inform the agency of the change(s).

(2)

f. Definitions of terms in the No Procurement Suspension and Debarment common rule (2 CFR Part 2424) and Drug-Free Workplace common rule apply to this certification.

g. Certification Regarding Drug-Free Workplace Requirements.

Recipients and subrecipients receiving funds from HUD are subject to 24 CFR Part 24, which implements the Drug-Free Workplace Act of 1988, as amended (41 U.S.C. § 701, et seq.) and required to provide a drug-free workplace. The grantee certifies that it will maintain or will continue to provide a drug-free workplace and to comply with this requirement it will:

(1) Publish a statement notifying employees that it is unlawful to manufacture, distribute, dispense, possess, or use a controlled substance in the applicant's workplace and such activities are prohibited. The statement must specify the actions that will be taken against employees for violation of this prohibition. The statement must also notify employees that, as a condition of employment under the federal award, they are required to abide by the terms of the statement and that each employee must agree to notify the employer in writing if the employee is convicted for a violation of a criminal drug statute occurring in the workplace, no later than 5 calendar days after such conviction.

(2) Establish an ongoing drug-free awareness program to inform employees about:

a) The dangers of drug abuse in the workplace;

Order states:

It is the policy of my Administration that the United States Government should, consistent with applicable law, use terms and conditions of Federal financial assistance awards and Federal procurements to maximize the use of goods, products, and materials produced in, and services offered in, the United States. The United States Government should, whenever possible, procure goods, products, materials, and services from sources that will help American businesses compete in strategic industries and help America's workers thrive. Additionally, to promote an accountable and transparent procurement policy, each agency should vest waiver issuance authority in senior agency leadership, where appropriate and consistent with applicable law.

29. EXECUTIVE ORDER 13988, PREVENTING AND COMBATING DISCRIMINATION ON THE BASIS OF GENDER IDENTITY OR SEXUAL ORIENTATION

On January 20, 2021, President Biden issued Executive Order 13988 on Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation. The Executive Order follows the Supreme Court's decision in *Bostock v Clayton County* holding that federal prohibitions against sex discrimination in the workplace extend to and include discrimination on the basis of sexual orientation and gender identity. Relying on this decision, President Biden has directed the federal government to assess and enforce other federal laws that prohibit sex discrimination in the same manner to include sexual orientation and gender identity.

I further direct that the Department's Fair Housing Initiative Program (FHIP) grantees must carry out their funded activities to also prevent and combat discrimination because of sexual orientation and gender identity, consistent with the Executive Order. FHIP provides funds to public and private not-for-profit entities to conduct activities to prevent or eliminate discriminatory housing practices. These activities provide important support to the full enforcement of the Fair Housing Act by informing the public about fair housing rights and obligations, detecting discriminatory conduct through investigation and testing, and assisting persons to file complaints and obtain relief through legal and administrative forums. HUD will provide further instruction and technical assistance to FHIP organizations in the implementation of the Executive Order.

In accordance with this directive to fully enforce the Fair Housing Act's prohibitions against discrimination on the basis of sexual orientation and gender identity, FHEO Regional Offices, FHAP agencies and FHIP grantees are instructed to review, within 30 days, all records of allegations of discrimination (inquiries, complaints, phone logs, etc.) received since January 20, 2020, that involve gender identity or sexual orientation which were closed with or without filing

**ADDENDUM
(TO THE SCHEDULE OF ARTICLES)
(For FY 2022 PEI / FHOI / EOI /General/National Programs Component Awards)**

GRANT AGREEMENT/REVISIONS

Grantee will perform project activities in accordance with its application, attached hereto by reference, its negotiated Statement of Work (SOW), and the associated, final budget. If the grantee changes its name, merges with another organization, or plans any major organizational changes during the course of this grant, the Grantee must give advance notice to the HUD Director (Grant Officer) of any such proposed mergers, name changes, or other major organizational changes that affect the implementation of this grant. Any changes in key personnel may must be provided to the HUD Director (Grant Officer) immediately. Where necessary, the HUD Director (Grant Officer) will immediately inform eLOCCS Security of the change.

Any future revisions to the SOW and final detailed budget must be incorporated by amendment to the grant agreement, to include changes that are **less than 10 percent** of the final budget. Attachment B, Schedule of Articles, also will be revised to reflect any future modifications to the drawdown payment schedule, should changes be necessary due to amendments to the basic grant.

Failure of the Grantee to make reasonable efforts to complete the activities to finalize the project within the timeframes set forth in the SOW may result in the termination of the grant agreement. In this event, no further drawdowns will be made under the terms of the award. Also, complaints by third parties against the Grantee alleging violations of the FHIP statute, regulation, or any of the terms of the grant agreement, will be forwarded to the HUD Director (Grant Officer) for resolution, who will review the allegations and take appropriate action in accordance with 2 CFR 200.339 and §200.340, or another applicable program policy.

All projects must be broad-based (not limited to a single fair housing issue). Although the Grantee's project can have a special focus, **all** FHIP-funded projects **must** address housing discrimination on all bases, i.e., race, color, religion, sex, disability, familial status, and national origin.

IDENTIFICATION OF GRANTEE(S) WORKPLACE(S)

All grantees must identify to FHIP staff all known workplaces under the award. The workplace identification must include the actual address of buildings or other sites where work under the award

will take place. The applicant must also inform the agency of any workplace changes during the performance of the award. The identification of the workplaces must occur either:

- (1) At the time of application or upon award; or
- (2) In documents the applicant keeps on file in its offices during performance of the award, in which case the applicant must make the information available for inspection upon request by the agency. See:
 - [eCFR :: 2 CFR Part 182 -- Governmentwide Requirements for Drug-Free Workplace \(Financial Assistance\)](#); and
 - [eCFR :: 2 CFR Part 2429 -- Requirements for Drug-Free Workplace \(Financial Assistance\)](#).

[FOR PEI-FHOI ONLY:

FHIP-funded projects must include the following enforcement related activities in the project application: testing, interviewing potential victims of discrimination, analyzing housing-related issues, conducting mediation, litigation, or referral to administrative enforcement agencies, and disseminating information about fair housing laws.]

REQUEST FOR EXTENSIONS - PERIOD OF PERFORMANCE

Due to unforeseen circumstances, FHIP Grantees may need to request that additional time be added to the period of performance for their grant(s) in order to complete the required activities of the project set forth in the SOW. See [2 CFR 200.309](#) for information related to *Modifications to Period of Performance*.

Processing Procedures:

- Requests for project extensions must not be submitted when the tasks in the Statement of work (SOW) can be completed timely through more vigilant oversight and management of the FHIP project.
- Grantees must submit requests for extensions as soon as it becomes apparent that an extension will be needed, but at **least 30-90** days prior to the end of the grant performance period.
 - ❖ Requests must be made in writing to the Grant Officer, with “cc:” copies to the GTR and GTM.
 - ❖ Requests must provide a justification for the extension.
 - ❖ Requests must state the specific length of the extension requested.
 - ❖ Requests must not be made in an effort to spend down grant funds.

- If the extension receives preliminary approval by the Grant Officer, the grantee will be asked to provide the following before a grant amendment will be executed (these items can be submitted with the original extension request, if so desired by the grantee):
 - ❖ Revised SOW which includes revised timeframes for task completion or new/additional tasks.
 - **If the extension request is for 90 days or more, the revised SOW must reflect that the draft final report will be submitted 15 days before the end of the extension period and the final report will be submitted by the last day of the extension period.**
 - ❖ Revised payment schedule that reflects the extension period and the tasks to be completed for each payment.
 - ❖ Revised budget if extension results in modifications to the project budget line items.
- Extensions will not be granted if:
 - ❖ Requests were made **less than 30 days** before the end of the performance period expiration.
 - ❖ Requests are made solely to expend the balance of fixed-price grant award funds (e.g., all SOW tasks have been completed, but funds remain). In accordance with 2 CFR Part 200.344, Closeout, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be returned to HUD. HUD will no longer authorize the retention and/or use of Excess Funds in accordance with Item 20 – *Excess Funds*, in Attachment A to the Schedule of Articles. See also [2 CFR 200.201](#) for general information on *Use of Grant Agreements (including Fixed-Price Awards), Cooperative Agreement, and Contracts*.
 - ❖ Requests fail to provide adequate justification for the reasons an extension is necessary.
- Failure to submit a grant extension within the above-described procedures may result in:
 - ❖ A less than favorable overall assessment of grantee performance through progress reviews/close-out assessments.

Remaining funds, if applicable, being de-obligated.

FAIR HOUSING AND FREE SPEECH

No grant funds may be used to investigate or prosecute under the Fair Housing Act any otherwise lawful activity engaged in by one or more persons, including the filing or maintaining of a non-frivolous legal action, that is engaged in solely for the purpose of achieving or preventing action by a government official or entity, or a court of competent jurisdiction.

REPORTS, MEETINGS, AND PERFORMANCE MEASURES AND TASKS

Performance Measures: The Grantee must provide quarterly reports as specified by HUD on its performance measures. The Grantee's measures will support HUD's strategic goals and policy priorities. Reports must identify and include milestones and timelines, such as, but not limited to, identifying the tasks completed, providing appropriate information on any seminars, training and/or conferences held, referrals of fair housing complaints to HUD or to the substantially equivalent fair housing enforcement agencies, and any other activity undertaken by the Grantee under the grant. Report success in meeting organization's benchmark output goals and output results, outcomes associated to the achievement of the purposes of the program, as well as the impact that the work has made on the individual assisted, the community, and the strategic goals of the Department. See <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-D/section-200.301> for information on *Performance Measurement*.

Performance Assessment: Performance per FHIP's NOFO requirements stipulate that if a grantee has received a "Poor" performance rating at the end of the Performance period of their grant, they will be deemed ineligible to apply for a new grant for 12 months (1-year suspension). If the grantee has a current multi-year grant, all funding will be terminated and de-obligated. In order to become eligible to apply for future grants, the grantee must seek technical assistance to improve their performance and if awarded a grant after the suspension, they will be placed on a "High Risk" designation. The length of time and performance requirements for the "High Risk" designation will be determined and negotiated with their HUD designated Grant Officer, GTR and GTM.

Reports: At the conclusion of the grant, the Grantee agrees to describe the status of performance measures in a spreadsheet format or other manner specified by HUD. The Grantee will also report quarterly, in a format determined by HUD (which may be computer generated) on the status of project tasks against the approved milestones and timelines. Reports must include the number and basis of claims/complaints filed with HUD, or in any court, the number and terms of settlements or other outcomes achieved. The terms of the settlements ordered by a court or other tribunal that requires confidentiality need not be reported.

Financial Monitoring and Reporting: The Federal Financial Reports, SF-425, will be prepared and submitted quarterly (4 times a year) during the period of performance for the grant. Based on assessment of the grant performance and for more effective monitoring, more frequent reporting of the SF-425 will be conducted. The reports must reflect accurate, current and complete disclosure of the financial results (Refer to [2 CFR 200.238](#) *Financial Reporting* and [2 CFR 200.302](#) *Financial Management*). Failure to comply will result in one or more of the following actions (See [2 CFR 200.339](#) *Remedies for Non-Compliance* and [2 CFR 200.340](#) *Termination*):

- a) Temporarily withhold cash payments pending correction of the deficiency;
- b) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
- c) Wholly or partly suspend or terminate the Federal award;
- d) Initiate suspension or debarment proceedings as authorized under [2 CFR 180](#) *Government-Wide Debarment and Suspension* and Federal awarding agency regulations;
- e) Withhold further Federal awards for the project or program;
- f) Terminate the Federal award.

Evaluation Process: Report numerical measures characterizing the results of a program activity, service or intervention and used to measure performance. Outputs must lead to targets for achievement of outcomes. Results must be represented by both the actual number and percent of the goal achieved.

Meetings: Furthermore, the Grantee agrees to meet semi-annually with HUD to ensure that project activities satisfy grant requirements.

Program Deliverables: Grantees are to submit to HUD one electronic copy of all final education and outreach materials to the FHIP Program Division using the HUD approved format as follows:

- Graphics – Vector
- Photos – JPEG
- Video – MPEG4
- Audio – MP3 or above, or WMA
- Text – Word, HTML5
- PDFs – Fully searchable
- Name of grantee organization
- Grant number
- Contact person
- Organization telephone number
- email address
- brief description of the material(s)

PROGRAM EVALUATIONS

Grantee is required to report meaningful data derived from client feedback on how they benefited from the project activities. Accomplishments can be achieved using specific measurement tools to assess the impact of grantee solutions.

CONSULTANTS/SUBCONTRACTORS

The Grantee must obtain advance written approval, provide a detailed budget, and provide resumes/qualifications for subcontractors and consultants fees not to exceed the GS-15 Step 10 daily rate for FY 2022(locality pay will not be included).

WAIVERS

Grantee must provide further justification to the Grant Officer to support the waiver of the daily rate for attorneys' and/or consultants' fees not to exceed the GS-15 Step 10 daily rate for FY 2022.

PUBLICATIONS AND NEWS RELEASES

The Grantee agrees that news releases, publications, studies, or other products involving grant-funded activities will NOT BE RELEASED to the public without prior HUD approval. The Grantee further agrees that it will submit any press release/news announcement, study, and/or other product developed as part of grant-funded activities to the GTR for review and approval at least 2 weeks prior to its release (this will allow time for the GTR to send to the Office of Public Affairs for review and approval for release), unless the HUD agrees in writing to waive the "at least 2 weeks" submission requirement. Publications, flyers and other routine documents previously approved by the GTR and/or HUD, may be published without further HUD approval. However, audio and video announcements must be submitted to the GTR and the grantee must await approval.

Publication and printing costs are covered in [2 CFR 200.461](#).

NON-DUPLICATION OF PAYMENTS

Neither the Grantee nor any subcontractor(s) may charge HUD, the U.S. Department of Justice, or any other Federal funding source for any activities funded by FHIP.

EXCESS FUNDS

In accordance with [2 CFR 200.344](#), *Closeout*, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be returned to HUD. HUD will no longer authorize the retention and/or use of Excess Funds. Thirty (30) days prior to the end of the period of performance for each grant, the HUD GTR and GTM will review the grant's financial account of received and approved invoices, and approved budget to determine if all grant funding has been expended in accordance with the negotiated agreement. The grantee is required to maintain appropriate records to support actual expenditures by budget line item of funds used. If funds have not been utilized completely, the grantee must provide the following: a detailed explanation, which explains by budget line item what gave rise to the unused fund balance. This information must be provided to the GTR and GO within 30 days before the end date of the grant performance period. **(See Appendix 1 on page 13 for Procedures for returning funds.)**

FRINGE BENEFITS

Per [2 CFR 200.431\(g\)\(6\)\(iii\)](#), *Fringe Benefits*, amounts funded by the non-Federal Entity in excess of the actuarially determined amount for a fiscal year may be used as the non-Federal entity's contribution in future periods. As stated, "may" is an optional decision on the part of the Federal Government. It is the decision of the HUD Program Office not to allow usage of excess fringe benefits to be used as "matching funds."

INDIRECT COST RATE

For grantees that have an approved and current negotiated (final or pre-determined) or provisional rate for indirect costs, the grantee may use the applicable rate to charge indirect costs to the grant. Grantees also have the option to use a De Minimis 10 percent rate if they do have an approved indirect cost rate at the time of award.

Grantees must submit indirect cost rate proposals and audited financial statements each year for their active federal funding no later than six months after the end of their prior fiscal year end (FYE). This is necessary to establish Final Rates based on actual costs for the prior fiscal year. Provisional indirect cost rates are temporary and can be used to charge indirect costs until final rates are established based on actual costs. If final rates come in less than the provisional rate used to charge the grant, HUD may require the grantee to return the difference or be subject to alternative offsets of grant funds.

- ___ A. - Grantee will develop and submit to HUD an indirect cost proposal within 90 days of the effective date of this award, if this is the grantee's first federal grant or the grantee's previous indirect cost rate has expired.
- ___ B. - Grantee's proposed indirect cost rate of ___% of the total direct labor and fringe benefits or other base (_____) has been approved for billing purposes for this grant pending the negotiation of a provisional or other type of indirect cost rate with HUD.
- ___ C. - Certain indirect-type costs have been included as direct costs pending negotiation of a final, pre-determined, provisional, or other type of indirect cost rate with HUD.
- ___ D. - Grantee's currently negotiated provisional indirect cost rate of ___% of total labor and fringe benefits or other base (specify _____) has been approved pending negotiation of a final indirect cost rate with HUD.
- ___ E. Other (_____).

See [2 CFR 200.414](#) for more information on indirect cost rates. Some federal agencies have indirect cost rate guidance available on-line. The Department of Labor has an indirect cost rate guide posted at [A Guide for Indirect Cost Rate Determination \(dol.gov\)](#).

FINANCIAL AUDITS/AUDIT COSTS

A Grantee that expends \$750,000 or more in a year in total Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of [2 CFR 200.501](#) and [2 CFR 200.514](#) of 2 CFR 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards”.

A Grantee that expends less than \$750,000 a year in Federal awards is exempt from Federal audit requirements for that year, except where HUD, the Inspector General, or the General Accounting Office (GAO) conducts or arranges for additional audits (e.g., financial audits, performance audits, evaluations, inspections, or reviews). 2 CFR Part 200 does not limit the authority of Federal agencies (including their Inspectors General or GAO) to conduct or arrange for additional audits, nor authorize any auditor to constrain Federal agencies from carrying out additional audits. Any additional audits shall be planned and performed in such a way as to build upon the work performed by other auditors. A Federal agency that conducts or contracts for additional audits shall, consistent with other applicable laws and regulations, arrange for funding the full cost of such additional audits.

For a Grantee expending \$750,000 or more in a year in Federal awards, the cost of audits made in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, are allowable charges to Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with the provisions of applicable 2 CFR Part 200, Subpart E - Cost Principles, the Federal Acquisition Regulations (FAR) (48 CFR parts 30 and 31), or other applicable cost principles or regulations.

A Grantee shall not charge to a Federal award the cost of any audit under the Single Audit Act not conducted in accordance with 2 CFR Part 200, or the cost of auditing a Grantee which had Federal awards expended of less than \$750,000 per year and is thereby exempted from having an audit conducted under the provisions of 2 CFR Part 200.

The only exemption to the OMB Circular A-133 is that pass-through entities may charge Federal awards for the cost of agreed-upon-procedures engagements to monitor subrecipients who are exempted from the requirements of the Single Audit Act and Subpart F—Audit Requirements of this 2 CFR Part 200.

REIMBURSEMENT REQUIREMENT – PROGRAM INCOME

[All grantees are required to reimburse the Federal government the amount of grant funding used to achieve all settlements, conciliations, and agreements obtained as a result of the use of FHIP funds. As an alternative to returning these funds to HUD, grantees may choose to use the funds as [2 CFR 200.307 - Program Income](#) in support of fair housing activities. This requirement includes all program income received after the period of performance for the Federal Award (2

CFR§200.307(f). Grantees must report program income transactions after the period of performance to the HUD GTR (see [2 CFR 200.334\(e\)](#)).

However, the use of funds for this purpose must be pre-approved in writing by the GTR assigned to the grant ([2 CFR 200.407](#) ALL funds that have not been utilized in support of grant activities will be returned to HUD. (See Appendix 1 for Procedures on returning funds and 2 CFR 200.346 on *Collection of Debts.*) (*See Schedule of Articles for additional instructions.*)

CONFLICT OF INTEREST

The Grantee agrees to certify it will not solicit funds from or seek to provide fair housing educational or other services or products for compensation, directly or indirectly, to any person or organization which has been the subject of FHIP-funded testing by the Grantee in the past 12 months following testing by the Grantee. (*See Appendix 2 for Conflict of Interest Policy forms.*)

POTENTIAL CONFLICT OF ORGANIZATIONAL INTEREST

FHIP defines a sponsor as an organization that applies for a grant on behalf of an organization that may not be eligible to apply directly to FHIP for a grant. Such an organization may also be called a “pass-through” organization. The sponsored organization, also called the sub-recipient, will carry out the work of the project under the oversight of the sponsoring organization for a period as specified under the grant agreement. Pass-through/sub-recipients must be empowered as follows:

- To contract or otherwise conduct the activities under the grant agreement;
- Have the financial resources, the necessary experience, organization, technical qualifications, and facilities; or a firm commitment or ability to obtain such; and
- Have a financial management system which provides efficient and effective accountability and control of all property, funds, and assets sufficient to meet grantee needs and grantee audit requirements.

Private non-profit agencies must be properly incorporated as a non-profit organization with an elected and autonomous board (separate from the “Sponsor”) which meets regularly.

Provisions of 2 CFR 200 applicable to conflict of interests, pass-through entity (PTE), sponsors, and sub-recipients include, but are not limited to:

- a. 2 CFR Part 200.1 (*Definitions*) – [2 CFR 200.1](#).

“non-Federal entity”, “non-profit organization” “pass-through entity”, “recipient”, “sub-award”, “sub-recipient.”

- b. 2 CFR Part 200.101 (*Applicability to different types of Federal awards*) – [2 CFR 200.101](#).

Table 1 to paragraph b describes the following:

“...what portions of this part apply to which types of Federal awards. The terms and conditions of Federal awards (including this part) flow down to subawards to subrecipients unless a particular section of this part or the terms and conditions of the Federal award specifically indicate otherwise. This means that non-Federal entities must comply with requirements in this part regardless of whether the non-Federal entity is a recipient or subrecipient of a Federal award. Pass-through entities must comply with the requirements described in [subpart D of this part, §§ 200.331 through 200.333](#), but not any requirements in this part directed towards Federal awarding agencies unless the requirements of this part or the terms and conditions of the Federal award indicate otherwise.”

- c. 2 CFR Part 200.112 (*Conflict of Interest*) – [2 CFR 200.112](#).

“The Federal awarding agency must establish conflict of interest policies for Federal awards. The non-Federal entity must disclose in writing any potential conflict of interest to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy.”

- d. 2 CFR Part 200.331-332 (*Subrecipient and Contractor Determinations and Requirements for pass-through entities, a-h*) [2 CFR 200.331](#) and [2 CFR 200.332](#).
- e. 2 CFR Subpart D (*Post Federal Award Requirements*) [2 CFR 200 subpart D](#).
- f. Appendix IV to Part 200 – (*Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations*) [Appendix IV to Part 200](#).

CONTINUITY OF OPERATIONS (COOP) PLAN

The Grantee will develop a COOP Plan. This Plan will enable an agency to continue essential functions and services when normal operations are disabled due to disaster or events that take the agency offline. The COOP Plan is the agency’s blueprint for internal operations in the event of a disaster. The original Plan and all updates will be provided to the HUD Director (Grant Officer).

TESTERS [FOR PEI-FHOI ONLY]

All grantees that propose testing must review the FHIP Regulation at [24 CFR 125.107](#) (*Testers*) and reflect these requirements in their application as well as be a Qualified Fair Housing Enforcement Organization or a Fair Housing Enforcement Organization. Further, in addition to meeting the requirements of 24 CFR 125.107, grantees must be prepared to adopt policies and practices that include a criminal background check on potential testers and a requirement that potential testers certify under penalty of perjury that they meet the requirements under that section. Costs for all background checks must be included in the grantee’s budget.

LENDER/INSURANCE TESTER TRAINING FEES [FOR PEI-FHOI ONLY]

A \$75/day rate for 2 days (\$150 maximum) has been approved for lender/insurance tester training fees. Grantee must provide documentation to the GTR during the term of this award that each tester completing the training has conducted a minimum of two tests or provide reasonable justification for the inability of any tester to meet this requirement.

The Grantee agrees to include the following language in the agreement entered into with lending/insurance testers:

"I have completed lender and/or insurance tester training provided by _____.* It is my intention to make myself reasonably available when requested to conduct tests during the next _____.**"

*Insert Grantee name.

**Insert grant duration or number of months testing will occur during grant.

APPROVAL OF TESTING METHODOLOGY AND TESTER TRAINING [FOR PEI-FHOI ONLY]

For all testing other than rental or accessibility testing, the Grantee agrees to submit to the GTR for review and approval the testing methodology and tester training to be used in tests funded under the grant. The methodology and training are tasks under the SOW and no payment for tests will be authorized until they receive HUD review and approval. The documents which must be submitted for review are the testing manual, the tester training manual and all testing materials, including the blank test book. The methodology must include a general description of the procedures for testing, including any plans for multi-variable testing and the reasons for such testing [when is a test used, when is further investigation appropriate, and an estimate of the numbers of tests and test types (sales, insurance, lending, etc.)]; the basis or protected class of tests to be conducted (e.g., race, religion, familial status, etc.); the criteria for selecting testers for each type of test to be conducted; areas of tester training to be provided to testers under the grant; criteria for selecting subjects of the tests; factors to be examined in analyzing test results; and, types of actions that may be taken based on test results.

The testing methodologies and procedures will be protected to the extent that any information is proprietary, confidential, a trade secret, copyrighted, patented subject to trademark restrictions, or in any other way inappropriate for disclosure. The Grantee as originator of the information will make this initial determination and will conspicuously notify HUD that the information is subject to a specific protection against disclosure by a method reasonably calculated to give adequate notice. To the extent that the information is requested via the Freedom of Information Act (FOIA), the Privacy Act, or any other legal mechanism, HUD legal counsel will review, and base any determination concerning the release of the information on the recommendation of the grantee in accordance with submitter notice requirements.

GRANTEE/TESTER ECONOMIC INTERESTS [FOR PEI-FHOI ONLY]

Grantee agrees that it and testers will not have an economic interest in the outcome of any test, directly or indirectly, without prejudice to the right of any person or entity to recover damages for any cognizable injury. Furthermore, the Grantee nor any of its personnel, testers and the organizations conducting tests, when different from the Grantee, may not (1) be a relative by adoption, blood, or marriage of any party in a case, (2) have had any employment or other affiliation, within 1 year before or after the test, with the person or organization to be tested, or (3) be a licensed competitor of the person or organization to be tested in the listing, rental, sale, or financing of real estate.

RETALIATION - TARGETING NON-COMPLAINT BASED TESTS [FOR PEI-FHOI ONLY]

The Grantee agrees that refusal by a person or organization to enter into an agreement that brings economic benefit to the Grantee may not be used as a criterion for targeting non-complaint based testing.

REPORTS ON ENFORCEMENT ACTIVITIES [FOR PEI-FHOI ONLY]

The Grantee agrees to provide reports in a format (which may be computer generated), at a frequency and with contents specified by HUD. The report must include the number and basis of claims/complaints filed with HUD or in Federal/State court, the number and terms of settlements or other outcomes achieved, unless confidential.

ENFORCEMENT LOG/FORMAT [FOR PEI-FHOI ONLY]

A Grantee must complete an enforcement log for all allegations of discrimination under the Fair Housing Act received by the Grantee under this award. This log must be submitted in accordance with provisions of the approved SOW. The log will be protected to the extent that any of that information is proprietary, confidential, a trade secret, copyrighted, patented subject to trademark restrictions, or in any other way inappropriate for disclosure. The Grantee as originator of the information will make this initial determination and will conspicuously notify HUD that the information is subject to a specific protection against disclosure by a method reasonably calculated to give adequate notice. To the extent that the information is requested via the FOI, the Privacy Act, or any other legal mechanism, HUD legal counsel will review, and base any determination concerning the release of the information on the recommendation of the Grantee in accordance with submitter notice requirements.

APPENDIX 1

In accordance with [2 CFR 200.344](#)- *Closeout*, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be

**THE FOLLOWING ARE EXAMPLES YOU CAN USE –
NOT REQUIRED TO USE THIS FORMAT**

_____ is a nonprofit, tax-exempt organization. Maintenance of its tax-exempt status is important both for its continued financial stability and for public support. Therefore, the IRS as well as state regulatory and tax officials view the operations of _____ as a public trust, which is subject to scrutiny by and accountable to such governmental authorities as well as to members of the public.

Consequently, there exists between _____ and its board, officers, and management employees and the public a fiduciary duty, which carries with it a broad and unbending duty of loyalty and fidelity. The board, officers, and management employees have the responsibility of administering the affairs of _____ honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of _____. Those persons shall exercise the utmost good faith in all transactions involved in their duties, and they shall not use their positions with _____ or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions.

SECTION 2. PERSONS CONCERNED:

This statement is directed not only to directors and officers, but to all employees who can influence the actions of _____. For example, this would include all who make purchasing decisions, all persons who might be described as "management personnel," and anyone who has proprietary information concerning _____.

SECTION 3. AREAS IN WHICH CONFLICT MAY ARISE:

Conflicts of interest may arise in the relations of directors, officers, and management employees with any of the following third parties:

1. Persons and firms supplying goods and services to _____.
2. Persons and firms from whom _____ leases property and equipment.
3. Persons and firms with whom _____ is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities, or other property.
4. Competing or affinity organizations.
5. Donors and others supporting _____.

6. Agencies, organizations, and associations which affect the operations of _____.
7. Family members, friends, and other employees.

SECTION 4. NATURE OF CONFLICTING INTEREST:

A conflicting interest may be defined as an interest, direct or indirect, with any persons or firms mentioned in Section 3. Such an interest might arise through:

1. Owning stock or holding debt or other proprietary interests in any third party dealing with _____.
2. Holding office, serving on the board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with _____.
3. Receiving remuneration for services with respect to individual transactions involving _____.
4. Using _____'s time, personnel, equipment, supplies, or good will for other than _____-approved activities, programs, and purposes.
5. Receiving personal gifts or loans from third parties dealing or competing with _____. Receipt of any gift is disapproved except gifts of a value less than \$50, which could not be refused without discourtesy. No personal gift of money must ever be accepted.

SECTION 5. INTERPRETATION OF THIS STATEMENT OF POLICY:

The areas of conflicting interest listed in Section 3, and the relations in those areas which may give rise to conflict, as listed in Section 4, are not exhaustive. Conflicts might arise in other areas or through other relations. It is assumed that the directors, officers, and management employees will recognize such areas and relation by analogy.

The fact that one of the interests described in Section 4 exists does not necessarily mean that a conflict exists, or that the conflict, if it exists, is material enough to be of practical importance, or if material, that upon full disclosure of all relevant facts and circumstances it is necessarily adverse to the interests of _____.

However, it is the policy of the board that the existence of any of the interests described in Section 4 shall be disclosed before any transaction is consummated. It shall be the continuing responsibility of the board, officers, and management employees to scrutinize their transactions and outside business interests and relationships for potential conflicts and to immediately make such disclosures.

SECTION 6. DISCLOSURE POLICY AND PROCEDURE:

Transactions with parties with whom a conflicting interest exists may be undertaken only if all of the following are observed:

1. The conflicting interest is fully disclosed;
2. The person with the conflict of interest is excluded from the discussion and approval of such transaction;
3. A competitive bid or comparable valuation exists; and
4. The [board or a duly constituted committee thereof] has determined that the transaction is in the best interest of the organization.

Disclosure in the organization must be made to the chief executive officer (or if she or he is the one with the conflict, then to the board chair), who shall bring the matter to the attention of the [board or a duly constituted committee thereof]. Disclosure involving directors must be made to the board chair, (or if she or he is the one with the conflict, then to the board vice-chair) who shall bring these matters to the [board or a duly constituted committee thereof].

The [board or a duly constituted committee thereof] shall determine whether a conflict exists and in the case of an existing conflict, whether the contemplated transaction may be authorized as just, fair, and reasonable to _____. The decision of the [board or a duly constituted committee thereof] on these matters will rest in their sole discretion, and their concern must be the welfare of _____ and the advancement of its purpose.
